Ask HN: What's the best way to raise capital to start a business? - jomor I have a great idea for a business that I believe can make a lot of money. I know it has the potential to be great, but also have a lot of risks. If I raise \$100k myself it's a viable business. However, my own funds are limited and I am not sure where to look for funding. I want to raise \$200k, but due to the size of this round it would be easier to raise \$1M. This would allow me to have a larger team, get the infrastructure put
