How to install the Kodi repository? [^](#) In the No section, enter the link to the repository you want to install and click Finish. [^](#) Select "Install from Zip"... This will install the repository to the .desktop folder. Why does not it work? [^](#) Usually, when you launch Kodi for the first time, you have to go through the installation process to get it. Sometimes the installation process may not work as Kodi may be installed. [^](#) If you cannot see the Kodi app or icon, this may happen. Please visit the settings in Kodi and check to
