**Download**

The scanner embedded in TradeGuider V4 you can see easily and quickly. Tradeguider is the home of volume spread analysis. It is the x-parameters of your trades and market positions, providing you with expert information about charts, signals and their dangers, as well as real-time dot the i's. Using this built-in widget, you can also view your signals and then move them to any other position by clicking on the icon at the top right of the charts. Now you can read, view or edit all your pages at the same time with a single click on the Trader Guider icon. Trade Guider is designed for applications that use Tradoshop Pro to automatically extract charts of financial instruments. AutoInFeed - Uses a wide variety of tools to smoothly enter your data into Tradestation Pro. AutoFeed uses TradeEye V4 for easy charting and on-screen keyboard. All changes in the Trading Software will be automatically converted into a graphical form so that it does not slow down the trading process. \* - If you have an account with a TraderGuiderV4 or TraderV4-APP account, then you can use this program on TraderRider to prepare all your charts for publication in Tradesport. MultiTrader SDK - Shows the most accurate and complete information about your price charts. It is also equipped with enough powerful tools to run trading tools on your computer.
