Build your character, prepare for adventure, and prepare to relive history as you face the many challenges of the Lands Between! ----- ABOUT VOLITION INC. Volition Inc., a wholly owned subsidiary of Sega Co., Ltd., is the video game publisher of Arc System Works and Shin'en Multimedia Inc. The company was founded in October of 1994, but their rich history started long before. As one of the oldest companies in the video game industry, Volition Inc. established itself in 1994 when Sega's share of arcade game machines was steadily dwindling. Their work inspired Sega's development of the Dreamcast platform, and they became the first company to release a 3D game on a consumer video game platform. Today, Volition is well known for their genre-defining Western RPGs, action adventure games, and the critically acclaimed Saints Row franchise. I'd like to express the English sentence: He is too stupid to understand. He's too stupid to understand. In Japanese, I've tried: 何程も何程も But they're not quite right. As I understand, 何程も is an adverb phrase, which is used to describe an extent or a degree of something.

(Depression) For a few years I have been playing and developing the Elden Ring. (Depression) To be honest, I wanted to create a game similar to Diablo 3, which I'd love, but too many things about the Elden Ring have taken me aback. (Depression) The new Elden Ring is just like Diablo 3?...? (Depression) No way. (Depression) I want to know what's going on. (Depression) In the previous Elden Ring, players could freely select the development types of the game; relatively speaking, there was less complexity compared to Diablo 3, but this has changed dramatically. (Depression) On the other hand, the new Elden Ring is a fantasy RPG that can be compared to other RPG titles, such as Final Fantasy. (Depression) It is a game that does not suit me, and I definitely want to finish it. (Depression) The game is starting slow. (Depression) Ugh. (Tension) But it's okay. (Tension) After all, this is the life I wanted in my twenties, and it is a life that I can enjoy today. (Confidence) I can use this to continue my work. (Confidence) I'm actually enjoying myself! (Confidence) This is a fantastic game! (Confidence) I'm doing well! (Confidence) I will not die. (Confidence) There are many other games in the world. (Confidence) I'll play the new Elden Ring. (Confidence) I will go on. (Confidence) I'll say, "I'll create this game." (Confidence) I'll create this game. (Confidence) With blood. (Confidence) With my own blood. **REVIEWS ELDEN RING game:** It was boring and terrible, but I couldn't get over the embarrassment of playing it, because there were times when we had a hard time figuring things out. The enemy is incredibly hard. After all, it isn't possible to use the same weapons or the same bff6bb2d33
