□What is an Elden Lord? Elden Lords are the descendants of Ironwielders. They have the power and presence of Ironwielders but their bodies are the last left of Elden. By making use of their power of the last remaining Elden, they work with the power of their ancestors and reach the status of Elden Lords. The story of Tarnished is a very special story of Elden Lords. □When did the game start? Development on Tarnished began in 2004. At that time, everyone only played online games. Online game services were not recognized as much as they are now, and it was nearly impossible to find players to play online games with. Even if people did find someone to play with, they would usually play only for a short period before the game was over. So we started Tarnished from a blank page, and decided to make a game that would be a single-player game that could be played online for a long period of time. At that time, most developers were making games from scratch. Tarnished was made on an entirely different basis, and was released first in

Japan in 2006. □What's the setting? The Lands Between are a land of great danger, where monsters roam and bad guys encircle the hero. Many different countries are spread out between the Lands Between. However, the Lands Between are not hostile places, and the people living there are known as Warriors. Warriors are the heroes of the Lands Between who protect the Lands Between. In the Lands Between, the Warriors protect the people they live with. □What is the protagonist? Rise, a Warrior who lived in a peaceful place, was a strong girl in her youth. She was chosen to become a Warrior. However, she made a mistake that led to her falling into a powerful magic item. If she continues on, she will obtain the fate of the Magus, the second son of the King, who will take power in the Lands Between. □What is this Tales Between story? In Tales Between, there are two sides. An Evil power that dwells in the Lands Between is out to destroy the Lands Between, and a Heroic force will stand in its way. Tales Between show the story of this conflict in which evil and good fight it out for power. □What are the names of the cast? Rise

Elden Ring Overview:

"The Land Between" RPG. The Lands Between is a world between the World of the Present and the World of the Past where people search for the answers to their questions of life and destiny in exile.

GAME DESCRIPTION Players choose a god, and take the role of a hero of the lands between. Travelling in the Lands Between, you answer various quests to discover your purpose and put an end to tragedy. In order to do so, you must first play the role of a god. You begin your adventure among other gods, until you gain the power to become a god of your own, and become the hero of others. "RPGs Allowed for Everyone" means that anyone, even those who have never played an RPG before, can enjoy this game.

Metal Gear Solid Is Also A Social Game

The Elden Ring ideal is to expand the global network of RPG players who create and experience new roles. "Multiplayer" and "Asynchronous Online Play" are interrelated elements that have strengthened in the years following the release of the first Metal Gear Solid.

The player can play RPGs within the Public Game Area by connecting an account. At the same time, players can play RPGs that are only available to those with special accounts.

The Global Network created by the Elden Ring includes many players who enjoy creating their own roles. Not only within the world of games, but also within the real world, the Elden Ring is focused on creating the "global entertainment network of players who unite."

What's new:

The new fantasy action RPG, *Tarnished*, has been released.

▼Character In *Tarnished*, new classes become available by playing quests. You can choose from classes such as Warrior, Mage, Demon and Demon Lord. Your character and surroundings change with your class, and strengthen your combat skills. As a Warrior, your swordsmanship and sword power increase. As a Mage, a big air resistance increases. And as a Demon Lord, protectors show up through the game to follow you around.

▼Class Development With class development, you'll be able to adjust your character's skills while customization of weapons, armor and magic increases. As your level increases, your strength will increase, making equipments that are uniquely yours. Using a weapon that you can customize based on your own desire will make your role more compelling.

▼Gameplay - Blades of Time. In the game, the process of time passing is recorded after every cut. Explore the Lands Between through the past, present and future, with the power of time. - Focused Action. The line between enemy and ally can be seen in the shadows, where it's possible to get a sneak attack on the enemy. As a result, in-depth action is being implemented. - Infinite Game. - In *Tarnished*, a large amount of content for one player to enjoy will be prepared. In addition, we prepare for the possibility of updates for multiplayer dungeons and quests.

▼Aim *Tarnished* creates new fantasy worlds, filled with action and drama, by creating its own unique action RPG. We will strongly appeal to those who like playing fantasy RPGs on the Internet. We will provide you with new combat experiences through hacking, having fun while staying focused on enemies. We are looking forward to your co-operation and your support.

▼Special Features▼ - Leaders Depending on which class you choose, you can create your own authentic character and a challenge for yourself. - Character Development Online, with your friends, you will create a character that reflects your own personality and your own play style. - In-Depth Action Hacking is not based on real-time, but on CPU information. Therefore, it is possible to have a stealth battle in your party. - Defined Item Item System Item items can be freely acquired in

dungeons and are freely
