What's new:

- **The New Engine introduces a number of new features, such as the all-new, “inch-of-the-ball” extra tightness of control in pitch reactions. Comprehensive animation improvements will now enable deeper and more realistic player movement - transfer motion - in particular, including a new player animation system for free kicks, corners and direct corners. FUT Online: online battles and cross-platform players, including all Regions, is now supported.**
- **Discover and play as any player in FIFA thanks to a new Player ID system: A new “ID” button will unlock playable players from all regions and allow you to create your own fantasy team for each competition.**
- **MATCHMAKING: scores and stats, formats, league tables and fixtures, club news, and discussions are featured prominently in the matchmaking section, which allows you to search for new games or clubs with ease. It also includes Xbox Live message boards and forums - allowing you to easily find friend matches or chat with your fellow-managers and players.**
- **NEW STRATEGIES: improved tactics and tactics engines will bring new strategies to the game, over 1,500 for each team and 32,000 for total, enabling players to tailor their tactics and games to their play style.**
- **NEW YOUTH EXHIBITIONS - Live a youth team's dream year of football:**

Attempt to win each trophy (such as Under-17, Under-20, Women's etc.) and develop your own young players with new systems and game types in the new Youth system.

- **NEW EVENTS:** Rejoice in impressive celebrations and finish your wins with unique bonus celebrations in new competitions like the Canterbury Cup and the Charity Shield. We added four new celebrations: Heals, Change, Enthusiasm, and Ker-BLing.
- **ENGINE IMPROVEMENTS:** The engine has been rebuilt for better visual quality and overall performance. Cars, players and players' animations, ball physics and new interactive surfaces and football-specific physics create more detailed gameplay than any previous entry in the franchise.

To celebrate the addition of these fantastic features, August 31st at 10:00 PDT, a FIFA Preview version
