of a Graffiti Playlist Fireboy and Watergirl: Elements of a Graffiti Playlist is a 1990 comedy-drama film directed by Barry Levinson and starring Ron Livingston, Glenn Close, and Timothy Hutton. The film explores the relationship between a hot-headed New York vandal and a working-class Brooklyn graffiti artist, both of whom tell their stories in a noir/road movie style. Amy Locane plays the artist's girlfriend. The film was shown as part of the 1990 New York Film Festival and was released theatrically on July 2, 1990. It was re-released in a new print by MGM Home Entertainment in August 1998. Plot Three youths working on a wall in an East New York housing project are persuaded by their mother to quit tagging. The three have dreams of going off and doing something with their lives, and their mother thinks it is time they did something so that life does not seem so empty. After a friend talks with them about life and art and graffiti, they receive messages from an anonymous person who calls themselves Fireboy and Watergirl, two of their most prolific taggers. They are given the run-down address of the writer, who claims to be in Los Angeles, and instructed to go look for him. The three go to the address provided, finding it a dilapidated ruin. At the house, they meet the enigmatic Fireboy; he doesn't know who the Watergirl is, but calls her inside. His parents died in a plane crash and he started tagging out of a desire to create art, but also because he had no friends. He had tried a few universities and was not accepted, so he left. He works a manual job and only tags in the evenings and on weekends. He explained that Watergirl did most of the art and he just helped her write her stories. He also claims he is done with art, but if he were to start again, he wouldn't be doing the tags, but something with more artistic appeal like writing an opera. He reads "How to Succeed in Graffiti" to the group as a sort of motivational booklet. The Watergirl comes in carrying a large field journal. She proves to be an enthusiastic follower of the writings of Samuel Beckett,

whom she thinks is brilliant. She told that she had eight teachers that really influenced her work but also that none of them seemed to like her. She admired the duo-writing in Waiting for Godot and much preferred it to most
