Laura Silver is the twelve year old protagonist of Misadventures of Laura Silver. She is a life-long avid gamer who has spent a lot of her life in her basement playing games on computers and consoles. When her father suggests she head to her school's annual "gamer convention" she takes this as her chance to try out her new game, The World of Mass Production, for the first time. Armed with just a few screenshots and what she knows about the game, she heads to the convention in hope of meeting some fellow gamers and meet the developers of the game. Things start to go awry as Laura begins to exhibit symptoms of neurological trauma brought on by being in the World of Mass Production. Misadventures of Laura Silver: Misadventures of Laura Silver: Chapter One is a visual novel developed and produced by Jackson Lyon. Voice acting, music, and dialogue are all by Jackson himself. Available Now! PC Wii Amazon Google Play is a 2012 visual novel for the adult-themed video game series Chaos;Head. It was released on June 26, 2012 for Windows, PlayStation Vita and Nintendo Wii. It is the first Chaos;Head game to be released with a prequel prologue in order to explain parts of the story for those who have not yet played Chaos;Head. The prologue is set one year before the events of the game, and offers the perspective of Kanata, the protagonist's father, and it can also be considered as a prequel to Chaos;Head. The prologue was followed by a series of three one-shot episodes, referred to as "Chaos;Head Stories" and set on parallel timelines to the main story. The first episode was released on September 20, 2012, the second on October 4, 2012, and the third on November 15, 2012. A prequel video game for the game has not been announced. Contents Story One year ago The main protagonist of the story, Kanata, has a family to take care of and a job to go to each day. Although his job is taking care of an adolescent female child named

Chihiro and his wife's coworkers, his wife's obsession with a video game has started to get on his nerves as he searches for a job that will let him quit. While making a phone call to try to move on with his life he is interrupted by Chihiro asking about her game on her father's phone. Chihiro's
