It's a jam, feel free to take a look- Å .Q: Asterisk in the string in select I have Магазин Продукция Благотворители This is a select from my table. The value in my table is "114, 115, 116". The problem is, that when I click on any of this choices it puts on my switchrepo_db_connections.php a string like this "114, 115, 116" And I would like to have "114" How can I fix this? I tried But nothing happened. I use ajax for filling tables and an html page for my switchrepo_db_connections.php A: Here are a couple of things to try. First, use n2br() around the value string. Next, use single quotes to surround the value: Магазин /***** * _ _ _ _ * Project _ | | | _ \ | *
