FIFA is one of the most famous and successful soccer games ever created. The game has become a worldwide phenomenon and is still the number one sports game brand in the world.* FIFA simulates every aspect of the beautiful game from play to tactics, managing, training and managing your team, and creating your own football dynasty. FIFA is not just about balls and boots. It features an expansive career mode, where you can play your way up the ranks to become a top national team player. You can compete in tournaments and play against your friends in online leagues. EA SPORTS FIFA 22 will be the most authentic FIFA game yet, with redesigned balls and boots, and new player animations. Each Premier League game and squad will have a customisable, authentic look. New Features: Speed of Play: EA SPORTS FIFA 22 introduces a major overhaul of the game's AI Teammate, with new reaction algorithms and AI quirks that provide more unpredictable behaviour. It also brings significant improvements to the dribbling system, creating fluid and realistic player movement. Enhanced Match Day Experience: The Goal Review system has been upgraded, with the ability to referee both the goal and penalty situations from anywhere on the pitch. It means you will get a more in-depth understanding of game situations, and make better decisions – you're always in total control. New Game Engine: EA SPORTS FIFA 22 features a brand new game engine designed from the ground up to bring players even more realistic visuals and behaviour. This engine is based on our EA SPORTS Ignite engine, the technology platform for EA SPORTS FIFA and EA SPORTS NHL franchise. It also uses the same in-game physics engine from EA SPORTS VOLTA. A Deep All-Star Team: For the first time, FIFA features a deep, diverse roster of 90 all-star players for every major club and international team on the planet. FIFA players now have a chance to play with the best and most popular international and club stars from around the world. MLS Franchise Mode: EA SPORTS FIFA 22 features the most comprehensive and authentic NBA game to date with franchise mode offering significant improvements to gameplay and matchday management, with improvements across all three leagues; MLS, NBA and WNBA. FIFA VAR: Major improvements to ball possession and defence, along with improvements to decision making and bc9d6d6daa

Social features seamlessly integrate with Game Center, allowing for even greater, more social playing experience. Every Shot Matters in FIFA 22 – FIFA 22 introduces Every Shot Matters, which challenges players to unlock more credits in a game, and more opportunities to improve their performance. Every Shot Matters will serve as both a more challenging and rewarding way to progress in-game, and will be available on Xbox One, PlayStation 4 and PC. First-

What's new in Fifa 22:

- **HyperMotion Technology** brings players, managers, and stadiums to life. Now immersive environments are virtually animated with the ability to listen to cheering crowds, clap hands at the final whistle, and even celebrate. Players react naturally to a huge range of new physical animations, including taking a match ball with the use of your feet, or playing a set-piece like a free kick from a new 360-degree perspective.
- **FIFA Ultimate Team** rewards players for utilizing unique talent, rewarding strategic flexibility and a willingness to sacrifice defensive resources to unlock a player’s full potential. Create your Ultimate Team with the most sought-after players from around the world and go to war with friends as you compete to dominate the leaderboards and prove yourself as the best with Gameweek challenges.
- **New Kid Off the Pitch** brings additional strategic flexibility and ownership, making matches more unpredictable. Players can leave the pitch during an injury crisis and other alternatives can be explored. This creates opportunities for your team.
- **Team Battles.** Hone your tactical acumen against your friends as you compete in two-on-two battles on your own custom-designed maps. Take on control of a real-life team or play against various preset teams.
- **Make your own MVPs.** Heute immer mehr spieler haben eine Meisterqualifikation

FIFA is the world’s most popular club football video game and the EA SPORTS FIFA franchise has been entertaining fans since 1996. Featuring official teams and players from around the globe, FIFA delivers authentic football excitement that players of every skill level can enjoy. EA SPORTS FIFA 19 Year One * New Ways to Play: Intuitive, touchscreen-based controls, Play Passing and Stick Tackling, Near and Far control options, and Easy Access to Tutorials and Tips. * Adaptive AI: Adaptive AI Tactics and Defensive Options: When you play it your way, your FIFA Ultimate Team™ can manage any defender as it learns to avoid dangerous situations and take the most likely action. If you want to play a defensive game, you’ll have the options to take the ball out of play, block shots, stop space, or even pass and move. * New Seasons: Introducing Seasons, the FIFA Ultimate Team™ card collecting mode with a deeper roster of cards and events that can be unlocked. EA SPORTS FIFA 19 Year One : New Ways to Play New ways to play, wherever and whenever you like. In the past, players who wanted to play a more defensive game, or a game where they could stick tackle, would have to play a whole new game. Now, you can switch your defensive or tactical style with just a click. Adaptive AI Adaptive AI can help you choose when to tackle and when not to, whether it’s a game where you want to take the ball out of play, or when you want to play a defensive game. If you’re playing a game where you’d like to focus on winning and controlling the game, you’ll have more options to make the most out of your game. A new way to choose a defender’s positioning. In the past, controlling defenders was a bit of a “whack-a-mole” kind of experience. Now, you can use the near and far controls to choose how to set your defender’s positioning and in what direction, and the defender will adapt to that position. If your defender knows the opposition is going to try and kick the ball to a particular spot on the field, or might run a long ball up the field, they’ll adjust in that direction, giving you a better chance to intercept the ball. New Ways to Tackle We know that
