by S Cross Â· 1988 Â· Quoted from 2 â€” A new double bass playing technique. (Volumes I-III) FranÃ§ois Rabbat is a double bass playing method that includes philosophical aspects. It is a synthesis of: - modern theory, - historical study of double bass, - double bass practice. This book provides a series of exercises to give you a complete understanding of technique, how to pick up the sound correctly, and how to learn how to play correctly. It is intended for musicians who want to improve their technique, for those who want to practice with a teacher. For those who already play, this book will serve as a tool for developing technique.
