You can buy the full version at .Author: Vasily Schepetnev Posted on September 29, 2011 "You think that everything is really good, but it's not. In fact, everything is bad. Only nobody knows about it." This is a quote from an old movie. Today it is not customary to make such statements, but both then and now I was convinced more than once: people do not know what is happening. From the point of view of the state, yes, things are bad, but I don't know. And what I don't know, I can't explain.
